

# YACHT DECOR *Exclusive*

Lovely furnishings made with prestigious materials to adorn the home with originality and luxury, but also perfect on board

by Marta Bernasconi

Ocean is a lounge chair from **Frag** designed by Werner Aisslinger. It has contemporary lines, but also evokes designs from the 1960s and 70s. The rigid, shaped shell is covered with soft, ergonomic upholstery in fabric, leather or dual materials. The revolving base is in steel.

Armchair, sofa, modular elements, chaise longue and pouf make up the Harbour series by **Paola Lenti**, designed by Francesco Rota. It features Maris fabric on the backs and arms, waterproof and totally recyclable like the fibre used for the cushion padding.
